

## Certificate of Recognition

Cybersecurity is a public good that is strongest when the public is given the ability to contribute. In grateful recognition of your support and contribution to help the U.S. Department of Education (DoED) identify and remediate publicly exploitable vulnerabilities, we hereby present:

**Kishan Shah**

with this certificate of recognition

Awarded this 15 day of 8, 2024

---

Steven Hernandez  
DoED, Chief Information Security Officer
